

## INFRARED HEAT LAMP

### Features

- Provides precise infrared radiation power and stronger penetrability
- Reinforced filament design and hardened glass for longer lifetime
- Easy operation and low cost
- Suitable for all leading brand bathroom heaters

### Specifications

Light Category: Halogen  
 Input Voltage: 230v  
 Lamp Base: E27  
 CCT: 2300K  
 Finish: Clear  
 Colour Coordinate: 0.50\*0.42

### Application

Ideal for domestic bathrooms, food industry, animal hatching and medical treatment which requires precise heat control

Part No.	Watts	Voltage	Current	Lumen	CCT	Lifetime	Diameter	Length
