Blaze-Pro-Sensor

Plug & Play Sensor

Description

BLAZE-PRO-SENSOR is a versatile plug-and-play accessory designed to expand the functionality of BLAZE-PRO floodlights. With a simple installation process, it instantly converts compatible fittings into sensor-operated LED floodlights, giving you the flexibility to choose between PIR motion detection or photoelectric dusk-to-dawn operation via an integrated dipswitch.

Designed specifically for the BLAZE-PRO range, this optional dual-function sensor connects directly through the built-in Sensor Adaptor Interface, making upgrades quick and hassle-free. Whether you're improving security around the home, reducing unnecessary energy use, or adding automatic lighting to outdoor areas, the BLAZE-PRO-SENSOR provides a practical and convenient solution.

Available in black and white finishes to match your BLAZE-PRO floodlight installation.

Specification Features

Voltage and current:	5V DC, 10mA
Sensing distance:	2-8M
Detection Angle:	120°
Sensitivity:	25%, 50%, 75%, 100%
Holding Time:	10s, 30s, 60s, 90s, 3min, 6min, 12min,15min
Remote Control:	0-8M
Lux Level:	20Lux, 50Lux, 100Lux
IP Rating:	IP65
Operating Temperature:	-30°C - 40°C
Storage Temperature:	-30°C - 70°C
Installation Height:	1.8-4M
Remote Control Distance:	0-8M
