

Adaptor 'F' Male To 'F' Female Elbow 08MM-A10

The 08MM-A10 is an 'F' type male to 'F' type female right-angled adaptor, adapting any 'F' type female connector by 90 degrees. The A10 can assist connections from wall plates or splitters and taps where the cable bend radius is restricted. The A10 is suitable for use up to 1300Mhz.

Features and Benefits

- » Used to adapt 'F' type female connectors by 90 degrees
- » Perfect to use behind TV cabinets and wall-mounted TVs to connect to wall plates in tight spaces
- » No tools required
- » High-quality nickel-plated finish for long-life corrosion resistance
- » Telstra approved
