

FORTITUDE IP65 SLIMLINE SMD BATTEN

Features

- Elegant slimline design suitable for industrial truss and beam mount ceilings
- Prewired w/ 10A flex and plug for easy installation
- Stainless clip-fit surface mount brackets
- High lumen output and efficacy LED SMD chips
- Stylish translucent opal finish diffuser
- Insulated body for anti-shock protection
- Up to 85% more energy saving

Specifications

Housing and Cover: Polycarbonate

Inside Gear Tray: Aluminium

Mounting Brackets: Stainless Steel 316

Light Category: LED

LED Type: LED SMD 2835

CRI: >80Ra

Lumen Efficiency: 120lm = *per* Watt

Colour Temperature: 5000K

Input Voltage AC:: 220-240V 50Hz

Power Factor: >0.9

Lifetime: 50 000Hrs

Operating Temperature: -5°C—55°C

Operating Humidity: 0-90%

IP Rating: IP65

Application

Designed ideally for surface mount ceiling applications: Gas stations, commercial and industrial complexes cellars, temp. building sites and where protection from dust and moisture is required

IMPORTANT - Must be installed:

To manufacturer specifications and by a qualified licensed electrician

Part No.	Watts	CCT	Lumen	LED	Length	Diameter	Height
NLS20201	20W	5000K	2400lm	SMD 2835	625mm	63mm	57mm
NLS20200	36W	5000K	4400lm	SMD 2835	1225mm	63mm	57mm
