

DATASHEET

6220-0

250mm Expressaire Exhaust Fan

Overview

The automatically retracting fan blades on the Expressaire provide superior performance over similar size exhaust fans. While the fan is switched off, the blades are closed to shut out insects and prevent back draught. When switched on, they open quickly and silently by centrifugal force. The 6220-0 can be used in conjunction with the Ceiling Exhaust Draftstoppa (CEDS1) for future improvements in energy efficiency.

Features

- Blades close to shut out insects and prevent back draught when fan is off.
- Capacitor motor- Provides superior performance that will stand the test of time.
- Blades can be removed for cleaning by simply unscrewing center cap.
- Fitted with Plug and Lead.

Specifications

Cubic meter per hour	750m ³ /h
Liters per second	206 l/s
Plug & lead length	560mm
Fan blades	6
Cut-out	290mm Ø
Fan diameter	254mm Ø
Number of Speeds	1
Rated voltage	240V, 50Hz
Watts	38W
Full Load Current	0.17A
Motor type	Sleeve bearings
Decibel rating at 3m	52dBA
