

CAST RESIN EG TYPE 143ML PK

Part Number: **GAM170**

Features

- Two part resin packs for smaller joints
- Remove bag divider to mix resin
- Easy to use resin with good electrical insulation
- Bags come in different quantities for your application
- Complies with DIN VDE Standards

Cast Resin EG Type - 143ML Pack

A two part resin pack suitable for smaller joints.

This is the same compound as used in in the GT series of in-line joints.

To mix simply remove the divider and mix the resin in the bag. To pour, cut off a corner of the bag and pour.

In support of our policy of continuous product improvement we reserve the right to change materials and specifications without notice. Drawings, where used, are not to scale. All dimensions are in millimetres and sizes given are approximate. Where possible, technical MSDS data sheets are made available on the website. All products should be installed and used in accordance with manufacturer's instructions provided. Warning: products may be the subject of registered designs and patents. Refer to website for terms and conditions on warranty.
