

VOLT SAFETY

**VOLT SAFETY
CLASS 0 1000V 360MM
ELECTRICAL INSULATED
GLOVES - ORANGE**

PRODUCTS CODES

CODE: GLOVE0 G-(size)

STANDARDS/RATINGS:

- AS/NZS IEC60903:2020
(Which replaces AS2225:1994)
- 1000V Maximum Working Voltage

FEATURES/CONTENTS:

- Natural Latex Rubber
- Roll Cuff for ease of doning
- Current Test & Certificate
- Made Pakistan

DESCRIPTION:

Volt Safety Electrical Insulated Gloves are made from premium natural latex rubber. The smooth inner wall and roll edge cuff makes donning a simple process without damaging the cuff of the glove. As with all gloves, they should be visually inspected and air tested prior to each use and electrically tested every 6 months by a certified test facility.
