

## Thermal Emergency Blanket - AeroRescue

AeroRescue's Thermal Emergency Blanket is a standard foil blanket for inclusion in all first aid kits, to reflect body heat and prevent shock. Hypothermia treatment is a critical part of first aid when dealing with trauma induced shock and where the body has insufficient ability to maintain body temperature.

### Key Features:

- Size: 140cm x 210cm
- Reflects up to 80% of body heat
- Protects against excessive heat or cold
- Premium Quality
