

# Meerkat Nightlight Push Button Mech

Push-Button Multi-level nightlight for access areas, passageways, corridors, and utility rooms.

Order Code  
**MENLML**

**IDEAL FOR ACCESS AREAS AND  
PASSAGEWAYS OR WHEREVER A  
COURTESY LIGHT IS REQUIRED.**

## Lighting the way

Take any Trader switch plate aperture and turn it into a nightlight.

The Meerkat MENLML push-button nightlight module clips into any Trader switch plate aperture or double power point with a removable extra switch.

Easy to wire, the MENML module provides three separate light levels.

Easy to use, simply press the button to the desired light level.

Perfect for hallways and utility rooms, the light module offers safe and cost-effective convenience for homeowners, guests and visitors.

- Compact mechanism fits all Trader switch apertures
- Push-button operation
- Three light levels; 1. 160 lux, 2. 440 lux & 3. 800 lux

Available Now through your Electrical Wholesaler

## Function and Operation

Gently tap the front of the night light to step through functions - on and two reduced brightness steps, then back to off.

## Made compact for a reason:

- Fits all Trader apertures, switches and power points with removable extra switch mechanisms: Snow Leopard, Clouded leopard, Leopard, Puma, Flat Cat and Cougar ranges.
- Three levels of brightness, push-button activated:
  - Level 1:** (Press once)  
Brightness: 160 lux max (no lumens. Lumens cannot be measured due to light output too low)  
Light temperature: 1800-2000 K warm white  
Power: 250V 0.4W 0.00016A
  - Level 2:** (Press twice)  
Brightness: 440 lux max  
Light temperature: 1800-2000 K warm white  
Power: 250V 0.4W 0.0016A
  - Level 3:** (Press three times)  
Brightness: 800 lux max  
Light temperature: 1800-2000 K warm white  
Power: 230-250V 0.4W 0.0016A
- Original State, OFF: (Press four times)
- Standby Power in Original State, OFF: 250V 0.3W 0.0012A
