

[DESCRIPTION]

POWER OUTLETS

The slimline GEO Series is a part of Connected Switchgear switches and socket outlets, with a stylish geometric shape and only 6.5mm thick. It is designed with discerning contractors in mind that don't wish to sacrifice quality of product. Manufactured from virgin polycarbonate material, it won't yellow or fade over time. Switch mechanisms allow for two way switching and are rated at 250V AC 10AX. Switch contacts are made from a composite silver nickel coating to prevent arcing. The terminal and terminal screws are made from solid brass. All GEO Series products are available in white, black, and matte black with optional brass or aluminium cover plates.

[FEATURES]

- Slimline 6.5mm Thick
- Polycarbonate Material
- Copper Phosphorus Bronze Internal Components
- Composite Silver Nickel Switch Contacts
- Brass Terminal and Terminal Screws
- Horizontal and Vertical Configuration
- Phone and Data Plates Available
- Adequate Sized Rear Terminals

[TECHNICAL PARAMETERS]

- Rated Voltage: 250V AC
- Rated Frequency: 50/60Hz
- Overall Plate Size: 115mm x 77mm
- Cut Out Size: 76mm x 55mm
- Complies with: AS/NZS 3100:2017+A1-3
AS/NZS 3112:2017

[APPROVALS]

SAA Approved
