SNOW LEOPARD 

AFFORDABLE LUXURY

# Snow Leopard Dual USB Charger Power Points Premium 'Glass Look' Range

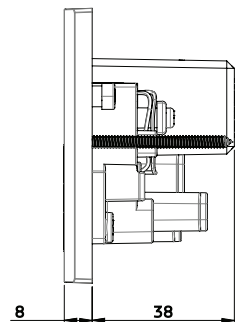

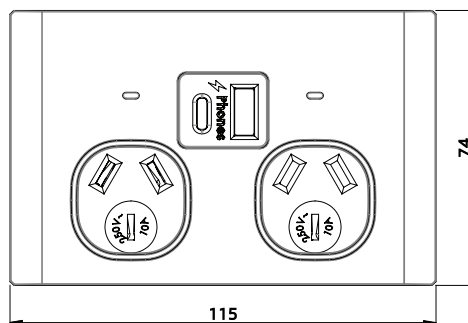

The Snow Leopard - Trader's range of 'Glass Look' switches and sockets. The Snow Leopard front cover wraps the entire grid-plate to reduce dust and provide a clean & luxurious finish all the way to the front wall surface.

Trader's Snow Leopard Twin Power Point with Dual USB Chargers (Type A & C) has arrived - our premium 'glass look' range of switches and sockets are ready for use by Australian Electrical Contractors.

## Key Information:

- Wall plates 7.5mm thick to align with other Snow Leopard products.
- Sockets rated to 10A 250V a.c.
- USB outlets rated to 3.4A max total at 5V.
- Warm white LED indicators to show power on status.
- Auto-Switched socket outlet switches active upon plug insertion/withdrawal.
- Each electrical socket contains shutters activated from the neutral pin.
- The USB circuit is integrated with the socket outlet and connected internally so only one set of terminals are required for the electrician to wire the device.
- Fits standard mounting accessories with 84mm centres.
- Terminals suit 3 x 2.5mm<sup>2</sup>.
- Recommended for phone use or small tablet only, larger devices such as laptops with USB C connections require much greater output.
- Standard colour is White, White (white cover on white base). Also available in Black, Black (black cover on black base) - please check availability.
- Product is approved in accordance with AS/NZS3112.
- USB outlets comply with AS/NZS61558.2.16:2010 A1-3.
- Typical example of size seen below:
