HARRIER MK2

XHB100/200W

IK08 | 90° | IP66 | TRICOLOUR TEMP. ADJUSTABLE | SUSPENDED

Description

The XLED HARRIER MK2 is an ultrathin LED industrial high bay ideal for factories, warehouses & distribution centres.
Designed to replace 250W & 400W HID high bays, offering significant energy savings whilst delivering long lifetime in often hard to reach maintenance areas.
Switchable 100W/120W/150W/200W, all in 1 form factor.
Multiple accessories available.
