

Weatherproof Batten

TPTUFF Series

Technical brochure

Functionality and technology

The TPTUFF is a robust weatherproof and vandal-resistant batten designed for durability and high performance. With a power consumption of just 10 W, it delivers a bright output of 1250 lumens while ensuring energy efficiency. Operating at a voltage range of 230/240 Vac, this luminaire features a colour temperature selection of 3000K, 4000K, or 5700K, providing versatility for various lighting needs. With an impressive IP65 rating, the TPTUFF is resistant to dust and water, making it suitable for challenging environments. Additionally, it boasts an LED lamp life of 50,000 hours, ensuring long-term reliability, and operates effectively in a temperature range of -10°C to 45°C.

Application

The TPTUFF is ideal for a wide range of applications where durability and weather resistance are essential. Its robust design makes it perfect for outdoor environments, including parking lots, building exteriors, and industrial sites. Furthermore, its high CRI of over 80 ensures accurate colour rendering, enhancing visibility in various settings. With a warranty of 5 years, the TPTUFF provides peace of mind, making it an excellent choice for reliable and efficient lighting solutions in both commercial and residential applications.

TPTUFF600	LED Weatherproof Batten, IP65, 600mm, colour changing and power shifting

clipsal.com

TPTUFF Series

Specification	
Model	TPTUFF
Voltage	230/240 Vac, 50 Hz
Power Consumption	10 W
Current	60 mA
Lumens	1250 lm
CCT	3000/ 4000/ 5700K
CRI	>80
IP Rating	IP65
LED Lamp Life (L70)	50,000 Hrs
Storage/ Transportation Temperature	-10°C to 45°C
Operation/ Storage/ Transportation Humidity	10% to 95% RH Non-condensing
Compliance	
Warranty	5 Years
Class	I

Construction	
Model	TPTUFF
Length (L)	640 mm
Width (W)	102 mm
Height (H)	84.5 mm
Weight	~1.08 kg
