Where every detail is considered, and every area finds its glow.

Clipsal Lighting Range

CLIPSAL®

From the everyday to the extraordinary, Clipsal's lighting range is built to perform — indoors, outdoors, and everywhere in between. Whether it's our high-efficiency downlights, weatherproof battens, or robust floodlights, every product is designed to deliver reliable, functional light where it's needed most.

With options like low-glare and ripple-resistant downlights, battens, and architectural up-down wall lights, you can tailor your lighting to suit the space — without overcomplicating the install and because Clipsal lighting is made to last, you can trust it to keep working, long after the switch is flipped.
