

CLIPSAL®

The complete LED Optimised dimming solution

Clipsal Dimmer Range

The new Clipsal LED Dimmer range delivers smooth lighting control for today's LED installations. Designed with the latest full-range linear digital dimming technology, the refreshed range provides enhanced performance and greater installation flexibility across residential and light commercial applications.

Supporting rotary, rotary push, push button and 1-10V DC dimming options, the range offers electricians more choice while delivering trusted quality and ease of use. Backed by a class-leading 7-year warranty, it's the complete dimming solution for modern lighting control.
