CLIPSAL[™]
by Schneider Electric

Saturn OneTouch

In touch with your style

The stylish Saturn™ range of switches has now been extended to include the new electronic Saturn OneTouch range. Designed to complement the Clipsal™ Saturn Series, benefits of Saturn OneTouch include a glass-look fascia, advanced touch-sensitive interface, multiway dimming and switching, cool blue LED indicator, and an audible on/off tone. Saturn OneTouch is available in one to six touch-control wall plates, one and two gang architrave, and two gang fan control versions.

Touch-sensitive technology

The innovative Saturn OneTouch range utilizes electronic switch and dimmer technology to provide unique touch operation. One touch of the wall switch will turn the light on, and an extended touch will dim the lights up or down.

The LED indicator shows which switch is in use — and falls back to a subtle glow when the light is off.

A switch for every application

The Saturn OneTouch switch can be used for many different load types, such as lights or exhaust fans. Reliable switching is ensured from up to three different locations, like in a large living area.

Robust and reliable technology

The Saturn OneTouch range has been specifically designed with intelligent load handling features and various protection devices that make the switches and dimmers rugged, robust, and reliable.

A colour to suit your style

The Saturn OneTouch range comes in a selection of colours to match the style of your interior décor. Available in three colours of Pure White, Espresso Black, and Ocean Mist. So, you can rest assured that the wall switches will match the power outlets and data points throughout your home, creating a seamless and stylish solution.

Saturn Horizon

New Saturn finish on the Horizon

Another new addition to the stunning Saturn range offers a textural metallic finish that comes in two fantastic colours: Horizon Silver and Horizon Black. Saturn Horizon features a flat, square-edge design that will complement any modern interior.

Horizon Silver and Horizon Black come with a subtle charcoal grey frame and pushbuttons that perfectly match the stylish new fascia and superbly blend in with today's popular kitchen appliances and interior design.

No matter what colour you choose, Horizon provides you with the most contemporary, modern switch design on the Australian market.

Colours and styles

Available in Horizon Silver and Horizon Black for all wall switches, switched sockets, dimmers, fan controllers, cooker switches, and communication plates (see page 19 for colour representation).

Clipsal Saturn

Clipsal Saturn — stunning design

The original sleek design that inspired the OneTouch and Horizon, Clipsal™ Saturn is a premium range of architecturally designed electrical accessories. Especially appealing to those who desire the latest styles and fashions.

The entire range has set new standards in home electrical accessories — offering switch and accessory design that is unlike any other 250 V electrical accessory range on the market.

Clipsal Saturn is specifically designed to offer a seamless electrical solution for your home in Ocean Mist, Espresso Black, and Pure White colour variants. Going beyond just wall switches and power outlets, the Clipsal Saturn range offers a complete electrical accessory solution that gives superior functionality while enhancing your décor.

Clipsal Saturn — pioneering pushbutton technology

Clipsal is proud to be the first company in Australia to introduce innovative round pushbutton design with the stunning range of Saturn wall switches.

Clipsal Saturn's revolutionary pushbutton technology gives you smooth reliable operation at the touch of a button while incorporating inspirational architectural design.

Saturn Zen

Your home is more than four walls; it is a living, breathing space.
We create technology that brings your home to life. Life Is On.

Balances beautifully with your home

The stylish, subtle design of Saturn Zen complements any modern or architectural interior to create a beautiful balance throughout your home.

Pure simplicity, unique features

With LED pushbuttons, clean lines, and fingerprint-resistant matte finishes, Saturn Zen embraces the beauty of simplicity.

And with unique optional features like pictogram button icons and a Smart Shelf for charging electronic devices, Saturn Zen is designed to make your life easier.

Your complete switch solution

Whether you require wall switches, power outlets, data outlets, USB chargers, fan controllers, dimmers, or cooker switches — Saturn Zen combines form, function, and affordability to create a complete switch solution for your home.

C-Bus Saturn Zen switches are also available for those interested in the convenience of lighting control and home automation or who want to update the switches on their existing C-Bus system.

Saturn wall switches

You'll love the luxurious look and feel of Clipsal Saturn wall switches, providing your home with a seamless style that is bound to turn heads. Each Saturn wall switch range will accommodate up to six individual switches and complement any modern interior design.

Compared with other wall switches on the market, the Saturn collection is unique: offering silky-smooth operation and architecturally designed fascias that look great and are a breeze to clean.

Saturn LED options

Too often when we need to turn a light on in the middle of the night, we're left scrambling in the dark trying to find the wall switch. This scenario is not only difficult, but could be potentially hazardous.

Whether you require a pilot light to find a wall switch in the dark or an indicator light to tell you which switch is in operation — Saturn has it covered. Saturn One Touch and Saturn Zen wall switches conveniently come with subtle blue LED indicators. When you touch the switch, the blue light comes on so you know exactly which switch is in operation. Clipsal Saturn and Saturn Horizon are also available with or without subtle, 'soft glow' LED options — the choice is yours.

Saturn labelling

Saturn switches are also available with the option of handy labelling,* making it easy to know what each button does.

Labelled button cap pack options

Refer to table on page 16 for labeled button cap pack options.

Pictogram Icons

Saturn Zen makes it easy for you to know which switch is in operation or find a wall switch in the dark. And for even easier identification, optional pictogram icons clearly indicate individual switch operation. These unique features are designed to make your life easier.

Pictogram icons

Refer to page 22 for more information on pictograms.

A colour to suit your style

The Saturn OneTouch range comes in a selection of colours to match the style of your interior décor. Available in three colours, Pure White, Espresso Black, and Ocean Mist, there's sure to be a colour to suit your style (see page 19 for colour representation).

*Applies to Clipsal Saturn and Saturn Horizon ranges only.

Saturn Horizon twin switched sockets

The stunning Saturn Horizon range is the ideal addition to any kitchen, complementing and enhancing this busy social hub in the home.

Saturn Horizon twin switched sockets are 250 V power outlets that allow the operation of all 250 V electrical appliances. With the inbuilt USB charger you can also charge your smart devices.

Although Saturn Horizon switched sockets work the same as standard power outlets, the eye-catching architectural design is far from standard. Their textural metallic finish and flat, square-edge design blends superbly with today's kitchen appliances.

Saturn quad switched sockets

If you require multiple power outlets, Saturn quad switched sockets are the perfect option. Combining Saturn's stylish look with the convenience of a quad power outlet.

The quad switched socket is ideal for providing power to the home entertainment system, kitchen appliances, and anywhere you require multiple power outlets. The benefit of extra spacing between the centre outlets makes it perfect for large plug chargers.

Clipsal Saturn fan controllers

The Clipsal Saturn fan controller enables the user to enjoy the comfort of climate-controlled surroundings while matching the elegance of the Saturn and Saturn Horizon switch plate range. Sleek and stylish looks give you complete airflow control without compromise when combined with Clipsal ceiling sweep fans. The example shown is part of a premium range of three, four, and five blade fans in white, metallic, or stainless steel finishes.

OneTouch dimmers

A great feature of the Saturn OneTouch range is the inbuilt digital dimming technology, providing dimming from up to three locations. The clever memory function enables the switch to remember the last dim setting, so when the light is switched back on, it will turn on at the previous dim level. Just touch and hold to dim up or down to set desired mood.

Clipsal Saturn dimmers

The living room is one part of the house that has many moods. Whether you require soft light while relaxing and watching a movie or full light while playing with the kids — Clipsal Saturn, Saturn Zen and Saturn Horizon will set the right mood any time of the day or night.

Clipsal Saturn dimmers' sleek, stylish looks give you complete lighting control without compromising your home's style. They'll also give you the advantage of energy efficiency, saving you money on power bills while helping to save the planet.

Accessories

Saturn communication wall plates

The stunning Saturn range extends beyond just wall switches and power outlets. Saturn communication wall plates are architecturally designed, giving you easy access to television, audio, phone, computer, and the Internet without compromising on looks.

Saturn television and audiovisual

Set the scene by incorporating all the right TV and audio connectors. Incorporate Clipsal's data jacks, HDMI connectors, or Foxtel-approved TV mechanism into Saturn communication wall plates.

Saturn cooker switches

Increase your home safety in style with the Saturn pushbutton cooker switch. The Saturn pushbutton cooker switch is the ideal option for isolating power to your electric benchtop cooker.

Now a safety requirement in all Australian states, the Saturn pushbutton cooker switch will isolate power to your benchtop cooker in an area that is convenient but out of the way from kitchen traffic.

It also makes the perfect additional safety feature for cleaning on and around electric benchtop cookers. (See picture on page 12.)

Saturn Zen Smart Shelf

Avoid clutter on your bench space and accessorize your switches with this handy Smart Shelf. Designed to hold two smartphones or one tablet, the Smart Shelf can be used with either two USBs or a twin power outlet, keeping your devices out of the way when charging.

Accessories

Applies to Clipsal Saturn and Saturn Horizon ranges only.
New Saturn Horizon is backward compatible with Clipsal Saturn range.

Switch grid plates and covers

Accepts 60PB and 60PBL pushbutton mechanisms.

4061VH	Grid and cover assembly 1 gang less mech
4062VH	Grid and cover assembly 2 gang less mech
4063VH	Grid and cover assembly 3 gang less mech
4064VH	Grid and cover assembly 4 gang less mech
4065VH	Grid and cover assembly 5 gang less mech
4066VH	Grid and cover assembly 6 gang less mech

Switch covers

Switch covers only — Saturn 4000 Series.

NOTE: 4060PB Series covers suit both LED and non-LED variants.

4060VXC	Switch cover blank
4061PBC	Switch cover 1 gang
4062PBC	Switch cover 2 gang
4063PBC	Switch cover 3 gang
4064PBC	Switch cover 4 gang
4065PBC	Switch cover 5 gang
4066PBC	Switch cover 6 gang

Architrave models

4061	Grid and cover assembly 1 gang less mech
4062	Grid and cover assembly 2 gang less mech

Architrave switch covers

4001C	Switch cover 1 gang
4002C	Switch cover 2 gang

Socket covers and surrounds

4015C	Cover power outlet single
4025C	Cover power outlet double (suits both 4025 and 4025X)
4025H2C	Cover power outlet quad
4000H2	Surround 2 gang horizontal

Mounting frames

4000VH1	Mounting frames available in black, cream, desert sand, soft grey, and white.
----------------	---

Electric range (cooker) switch covers

4061/45C	Cooker switch cover, suits both 32A and 45A models.
-----------------	---

Communication plates

4031VH	Communication plate 1 gang
4032VH	Communication plate 2 gang
4033VH	Communication plate 3 gang
4034VH	Communication plate 4 gang
4036VH	Communication plate 6 gang

Accepts the following:

30PFM	TV mechanism, Foxtel-approved
30FFPFMS	TV mechanism, normal
30RJ45SMA6	Cat6 RJ45 data socket
30HDMIA	HDMI mechanism, angled
30HDMIS	HDMI mechanism, straight
30BCBM	Speaker connector (black)
30BCRM	Speaker connector (red)
30FAV Series	RCA connectors available in black, red, white, yellow, green, blue, and orange

Pushbutton switch mechanisms

60PB	Switch mechanism, 20 A/16 AX, 250 VAC
60PBL	Switch mechanism with LED, 20 A/16 AX, 250 VAC

Intermediate mechanisms

60PBI	Intermediate pushbutton mechanism, 10 AX, 250 VAC
--------------	---

Rocker switch mechanisms

(Suit 4030 Series range)

30MD, 3A	Double pole switch mechanism, 10 A, 250 VAC
30MI, 3A	Intermediate switch mechanism, 10 A, 250 VAC
30M, 3A	Single pole switch mechanism, 10 A, 250 VAC

Fan controller

4060CSFM	Fan speed controller mechanism, 3 speed, 75 VA, 250 VAC
4062E45UDM	Dimmer universal mechanism, 450 W, 250 VAC, (for variable fan speed control)

Dimmer mechanisms

4062ELEDM	Saturn rotary LED dimmer mechanism, 400 W, 220 – 240 VAC
4062E45UDM	Dimmer universal mechanism, 450 W, 250 VAC
4061E2RUDM	Integrally switched dimmer universal mechanism, rotary control, 350 W, 220 – 240 VAC
4061E2PUDM	Integrally switched dimmer universal mechanism, pushbutton control, 350 W, 220 – 240 VAC

Labelled button caps

60PBC	2 x KITCHEN	1 x STUDY	6 x HEAT	2 x DINING

	1 x BED 1	2 x BATH	2 x LAUNDRY	2 x SENSOR
	1 x BED 2	2 x GARDEN	2 x LOUNGE	2 x TOILET
	1 x BED 3	6 x FAN	2 x GARAGE	10 x CAT'S EYE
	1 x BED 4	6 x LIGHT	2 x FAMILY	BUTTON CAPS

Saturn care instructions

Caring for your Saturn accessories is easy and will enable you to enjoy Saturn's style for many years to come. Simply wipe down the Saturn fascia with a nonabrasive, warm, damp cloth.

Although the entire Saturn range is manufactured from durable scratch- and chemical-resistant materials, please avoid using chemical cleaners.

Styles and colours

The Saturn range of colours will blend in beautifully with any home environment. Whether your style is modern and minimal or classic and cosy, the Saturn range will create a seamless look and feel throughout your home.

Saturn Zen

A picture tells a thousand words

Forget trying to figure out which switch does what. You can choose from up to 50 optional pictogram icons, so you can easily recognize the right switch at a glance. They're interchangeable too, so if your requirements change, simply swap the pictogram icon for one that suits your needs.

A Smart Shelf for smart devices

Avoid clutter on your bench space and accessorize your switches with this handy Smart Shelf. Designed to hold two smartphones or one tablet, the Smart Shelf can be used with either two USBs or a twin power outlet, keeping your devices out of the way when charging.

Saturn Zen

The Clipsal Saturn Zen range is available in ZenBlack (ZB) and ZenWhite (ZW). Add your selected colour to the Cat. No., eg. Z4062PBL-ZB.
