

# THE TONGUE PUNCHER

## 90MM LITE

## PUNCH HARD. WORK SMART.

DESIGNED IN  
AUSTRALIA

- Built by sparkies, for sparkies, made to save time, boost efficiency, and keep you out of the roof space.
- Slot it into your outlet cutout, light up the cavity and you have a clear, hands-free target with a precise spot to drill your top plate.
- The built-in yellow tongue deflector means you'll hit it first go. No stuffing around and no second trips.
- Ideal for solo installs or speeding up the team.
