

Premium  
Switches and Sockets

make the  
**switch**

:hager

**Design, though often quite technical, is first and foremost about emotions: seeing, understanding, feeling and experiencing. That's why at Hager, our goal is above all to put a 'face' to our products: one of balance, serenity, elegance and refinement.**

**“We must create products that not only reflect that we care, but reflect our philosophy and brand identity”**

**Erwin van Handenhoven**

## finesse

Our architecturally inspired finesse range is sure to impress audiences with its minimalistic and precise design, and is considered to be ingeniously simplistic.

### finesse

Switch plates	10
Switches	11
Sockets	13
Switch cover plates	14
Socket cover plates	15

## allure

The refined translucent edge that surrounds allure, accentuates its elegant profile – only 9mm off the wall surface, creating a unique floating effect.

### allure

Switch plates	18
Switches	20
Sockets	22
Switch cover plates	23
Socket cover plates	23

## silhouette

With a simple and elegant form based on the serene balance of proportions and the reduction of the object essentials, our silhouette range gives each product the right tone of voice in order to fit within its environment.

### silhouette

Switch plates and switches	26
Sockets, electronic push button and other switches	27
Switch cover plates	28
Socket cover plates	29

## premiere

Quietly boasting functionality and a beautifully understated form, premiere has a simple and stylish look that creates a soothing effect on its surroundings.

### premiere

Switch plates	32
Switches	33
IP66 switches	35
Single sockets	36
Double and 4 outlet sockets	37
Replacement surrounds	38

# A quality finish right down to the wire

## Fingerprint resistant

For maximum lustre, our metal covers have a treated surface to reduce fingerprint marks.

## UV stabilised

Strong impact resistant polycarbonate material will not 'yellow' over time.

## Slim profile

With a thickness of only 4mm off the wall surface, silhouette and finesse has the lowest profile on the market.

## Standard 16AX mech

All of our standard mechanisms will handle a true 16AX fluorescent load.

Extensive research with architects, interior designers, electrical contractors and consumers have created a dynamic, fully featured range of switches and sockets - with an array of styles, colours and finishes to suit any space.

### Child safe shutters

A spring loaded shutter protects little fingers from live parts inside sockets.

### Roto-loc<sup>®</sup> mechanism

The patented Roto-loc system eliminates the possibility of the mechanism being pushed back into the wall cavity.

### IP2X compliance

Provided with either a retained hinged cap in allure or deep screw receptor with finesse or silhouette for faster installation.

### Added value

A full range of accessories and mechs including electronic push buttons and dimmers are also available.

finesse  
minimal,  
sleek

## Colour range

Gloss White

Matt Black (MB)

Matt White (MW)

### Features

- Multiple mounting holes
- Supplied with standard 32mm tapered point fixing screws
- No mechanism push back
- High impact, high gloss UV stabilised polycarbonate construction
- Spray matt finishes available in matt white and matt black
- Screw retention
- Hybrid plates for non-Hager Roto-loc mechanisms

The IP rating for all low voltage enclosures up to 1000 V a.c. and 1500 V d.c. is defined in identical fashion by the standards EN 60529 - IEC 529. It comprises the letters IP followed by two character numerals and or additional/supplementary letters. The first character numeral indicates

the degree of protection provided by the enclosure against access to hazardous parts by preventing or limiting the ingress of a part of the human body or an object held by a person and ingress of solid foreign objects.

The second character numeral indicates the degree of protection provided by the enclosure with respect to harmful effects on the equipment due to the ingress of water. An X signifies that the tests are not applicable to the product.

**The first character numeral:  
Protection against foreign objects**

IP	Description	
0		Non-protected
1		Protected against solid objects $\geq$ than 50mm
2		Protected against solid objects $\geq$ than 12.5mm
3		Protected against solid objects $\geq$ than 2.5mm
4		Protected against solid objects $\geq$ than 1.0mm
5		Dust-protected
6		Dust-tight

**The second character numeral:  
Protection against ingress of water with harmful effects**

IP	Description	
0		Non-protected
1		Protected against vertically falling water drops
2		Protected against vertically falling water drops when enclosure tilted up to 15°
3		Protected against spraying water
4		Protected against splashing water
5		Protected against water jets
6		Protected against powerful water jets
7		Protected against the effect of temporary immersion in water
8		Protected against continuous immersion in water

**Additional letter (in option)**

Protection of people against access to hazardous parts

	Description
A	Protected against access to hazardous parts with the back of the hand
B	Protected against access to hazardous parts with a finger
C	Protected against access to hazardous parts with a tool - $\varnothing$ 2.5mm
D	Protected against access to hazardous parts with a wire - $\varnothing$ 1mm

**Additional letter (in option)**

Specific information on the product

	Description
H	High voltage apparatus
M	Motion during water test
S	Stationary during water test
W	Weather conditions

# Complete the picture

# Modules, mechanisms and accessories

Special application modules	42
Electronic push button switches and dimmers	43
250V mechanisms	44
250V printed mechanisms	45
Rotary mechanisms	46
TV, data and audio mechanisms	47
Special mechanisms	48
Accessories	49

### Features

- Motion detector, LED Night light and HDMI modules can be easily mounted into any of the 'SEA2' plates

- The motion detector can be set to slave for multiple detection for one load
- The LED night light Lux can be adjusted on the unit to

- reduce the light output
- The HDMI connection can be used in conjunction with HD TV and Audio devices

### Electronic Push Button Switch features:

- Programmable LED indication colour - blue or orange
- Slave push button switch available

- All electronic mechanisms are EMC compliant

- Most supplied with gloss white, black, matt white and matt black front caps
- Dimmer can be programmed to set minimum dim level

### Electronic push button switch mechanism

Description	Available colours	Box qty	Cat ref.

### Features

- Easy mechanism removal
- Rear housing colour coded for easy recognition of mechanism type
- All terminal screws are combination head Phillips No. 1 and backed off

### Technical data:

- 3mm contact gap in WBM16AX
- All 250V mechanism's have M60 motor rating
- 32A and 20AX mechanism 'socket size' terminal accommodates 2 x 4mm<sup>2</sup> cables
- Intermediate and double pole have 75% of terminal screws accessible from 1 direction
- 10A, 16AX and 20A terminals accommodate 4 x 1.5mm<sup>2</sup> cables
- Push mech rated at 10A

### Features

- Easy mechanism removal
- By standard 5mm flat blade screwdriver
- By Hager mechanism removal tool (WBMS)
- By standard electricians pliers
- Rear housing colour coded for easy recognition of mechanism type

- All terminal screws are combination head Phillips No. 1 and backed off

### Technical data:

- In built arc shield on rocker and chemical resistant pivots
- 3mm contact gap in WBM16AX
- All 250V mechanism's have motor rating

- 32A and 20AX mechanism 'socket size' terminal accommodates 2 x 4mm<sup>2</sup> cables
- Intermediate and double pole have 75% of terminal screws accessible from 1 direction
- 10A, 16AX and 20A terminals accommodate 4 x 1.5mm<sup>2</sup> cables

### Roto-loc Data Mechanisms

- Data Mechs are tested and approved to the following standards where relevant:

ANSI/TIA-568-C.2-2009  
ISO/IEC 11801-1  
IEC 60603-7-2  
AS/CA S008:2015I

### Audio connectors

- RCA jacks have 'F' connection at rear
- Available in multiple colours for maximum installation flexibility
- Speaker connectors suitable for both bare wire termination and banana plugs

### TV mechanisms
