PIXIE

Designed for Australian homeowners

Connected Home.  
Simple. Smart. Secure

# Simple. Smart. Home

PIXIE is a smart home solution designed for Australian homeowners to experience the benefits of smart home technology without the expense of legacy home automation solutions.

A PIXIE smart home provides families all the benefits of modern living, putting them in control of comfort, convenience, security, safety and energy savings.

PIXIE delivers total control of the smart home into the homeowner's hands with intuitive mobile Apps to setup, configure and control their home instantly.

PIXIE is designed for Australian homes and wiring practices, and supported by PIXIE Certified Installers, nationally.

“ You can start small with a few rooms and expand your smart home experience when budgets allow, or go all-in day one. With PIXIE, you choose.

PIXIE

# Make your home smart, simply with PIXIE and PIXIE Plus

Complete control of your smart home from a choice of the PIXIE or PIXIE Plus apps on both iOS and Android devices.

The SAL PIXIE app delivers an intuitive in-home control experience, using the Bluetooth on your mobile devices to connect to your mesh of PIXIE devices installed.

The PIXIE Plus app adds advanced system capabilities, introducing voice control and remote monitoring options, with more sophisticated security setup for larger homes and families.

▶ FREE to download

# Control your home with your Voice

Everyone can experience the convenience of hands free control with PIXIE.

PIXIE voice control is the ultimate in a modern smart home, without any of the technical hassles or ongoing fees.

Connecting the PIXIE Gateway is your bridge to a truly connected home.

# Simple. Smart. Home.

## Simple.

PIXIE and PIXIE Plus  
Mobile Apps

### It's simple to install and control via PIXIE Apps.

With no special wiring requirements and the PIXIE apps, everyone has control whilst at home, and upgrade to the PIXIE Plus app for a more intuitive user interface, security options and enhanced security and control capabilities, including out of home control.

### Wall Plates, Wall Plates, Wall Plates

Often overlooked in smart homes system is the simplicity of a light switch on the wall, and the peace-of-mind provided to homeowners with this traditional interface.

PIXIE smart modules fit in to a wide range of popular Australian wall plates, ensuring you're always in control from the wall, with the freedom to choose wall plate designs.

### No Hub Needed

No hub or internet connection is required to increase the IQ of your home. With PIXIE, no matter the state of your internet connection or WiFi network, your smart home keeps operating.

# Smart.

## **PIXIE Smart home technology increases the IQ of your home.**

Sophisticated control capabilities built into every smart Bluetooth® Mesh module, with the simplicity of standard light switches and the convenience of mobile app control for even smarter control options.

## **Smart enough to make it simple to use.**

With PIXIE, homeowners can create new schedules and scenes using the the PIXIE apps; then edit, enable and disable these whenever desired, without having to call anyone to make these changes for them.

PIXIE Gateway

# Home.

## **Adapt to your home. Start small and grow.**

How smart your home becomes often depends on your budget. Choosing PIXIE means you can start with one or two rooms and expand over time to include the whole home as your budget allows.

## **Scale the PIXIE smart home to almost any size.**

Or you can go all-in from day one and PIXIE-FY your whole home from the day you move in and experience the benefits of a fully automated home.

## PIXIE Ambience Faceplate Range

Ambience is a modern slimline wall plate range with an understated beauty, colours to match any decor and the simplicity of PIXIE's Click-Clack-Snap approach to future proofing.

The PIXIE smart modules fit perfectly into the PIXIE Ambience wall plates for direct mounting and control, right on the wall. PIXIE also fits in to a wide range of common Australian plates.

Match Ambience faceplates to the decor and wall colour in each room with a choice of PIXIE Ambience faceplate and button colours.

## Ambience XL Range

Ambience XL takes a bolder stance on the wall with larger faceplate dimensions, whilst maintaining the Ambience aesthetic and circular button shape.

Gone is the chamfered faceplate edge from the Ambience faceplate and replaced with a simpler edge and more body presence. This combination of monolithic edge design and oversized dimension demonstrates confidence on the wall without overstating its presence, whilst still providing an elegant wall finish to align with your interior design cues.

It's available in four modern colours, different to the original Ambience plates.

# PIXIE Smart Dimmer G3

**PIXIE Smart Dimmer G3**
